

IT'D BE
GREAT IF
YOU DIDN'T
EXIST!

Thanks to what happened I've finally realized it now...

that you really are the most important to me.

The only one who truly understood and cared about me

I've realized, was only you...

No!

You're definitely the only one!

I love you, Guk-hwan!

Let's just rewind, and live happily together forever!

what?

Are you crazy?

What, do you think you're a DJ or something? You think I'd just dance to your tunes?

christ, do you think I'd just forgive and forget, asshole?

U Ah jeez, are you still angry? Could you just stop...

HAH!
STILL ---!?!?

All right, I get it.

As I said, please don't be angry and let me explain everything first...

this is all just is Chul-su's fault...

Let's just go to some cafe first and calmly talk this out.

No,

I've just gone any what I need to and leave. I don't feel like listening to you anymore, and I don't have time to waste talking to you.

What...

Then why did you bring me here?

I thought just selling it and taking the money to repay your debt would be the best option

But since you were the one who bought that ring, feel free to do whatever you want with it, like selling it or giving it to some other girl

You don't even need to pay back all the money you owe me.

I already blocked your number anyways.
But please stop calling me and coming to my house.

did you get another guy already?

What?

Come on
ma'am,

I told you I can't park
here for long! We have to go
now~!
